**Maintain Galactic Boundaries**
Discuss social media boundaries at the start of a clinical relationship.

**Humble Space Telescope**
Contribute to building community: support others & downplay self-promotion.

**Authentic Asteroid Belt**
Be real, playful and professional.

**Planet KnowWhat?**
Share from credible sources.

**Mission Control**
Plot your course based on your social media goals: personal or professional?

**MegaEthical Cluster**
Use The Code of Ethics as your guide.

**The Rest-stop at the End of the Universe**
Be reflective—ask how your post will represent you, others, and our profession.

**Black Hole Confidential**
Make your clients feel safe—avoid even general references to clients.

**Security Checkpoint**
Use privacy controls on personal social media accounts.
